COURSE PROJECTS

Pacific Rim 16: LA x Tokyo Re-Set - Spatial Experience Design

September - December 2023

Collaborative Group Project with Tama Art University in Japan, ArtCenter

- Researched, documented notes and photographs, and presented analysis on 3 California ecologies, through one week field trip to Joshua Tree National Park, Idyllwild Mountain, and La Jolla Cove.
- Designed the space PLAMA (Planet Ma) for ArtCenter students to reset in Hillside campus garden, such as footbath, bonfire, open kitchen, playground, and nap pods, inspired by healing aspects of nature from field trips.
- Produced the physical models of kitchen kits, motion, app icon, map illustration, posters, installed background painting, for final presentation.

Opera Stage Set Design - Illustration and Environmental Design

May - August 2022

Faculty-Led Berlin Study Away, ArtCenter, Berlin, Germany

- Researched stage structure, movement and props in three Berlin opera house productions.
- Designed backgrounds, characters, and scene props for an 8 act adaptation of the original German tale "The Sandman" (1816).
- Wrote script and produced resulting performance and documented through film and bounded photo-process book of the play.
